Competition - Reveal excellence

H-150

Because your horse deserves to win, ROYAL HORSE develops advanced nutritional solutions. Our Competition line meets the high energy needs of horses during competitions by supporting intense muscular exertion and promoting recovery.

PELLET / ALFALFA STEM MIX

In addition to forage, formulated for sustained effort, developed for horses and ponies subject to muscular and/or gastric disorders.

Contains **long-strand alfalfa** promoting salivation and thereby limiting gastric acidity.

Limited **starch content** (10%)

Supplemented with Prebiotics and Probiotics:

MOS (Mannan-oligosaccharides) and live yeast which bio-regulate gut flora promoting intestinal transit.

Presence of GWB, an active ingredient based on plant extracts supporting gastric comfort.

Contains AO élite, a plant antioxidant complex that reduces the effects of oxidation caused by stressful situations. In synergy with other antioxidants, it supports muscular exertion and facilitates recovery.

Supplemented with Omega 3, respecting an optimum Oméga6 / Omega 3 ratio fostering the use of alternative energy derived from the high vegetable fat content.

Supplemented with L-Carnitine, an essential nutriment for effort that promotes the use of energy derived from fats.

H-150 meets the specific needs of horses and ponies producing sustained effort and subject to muscular and/or gastric disorders
